 About Tri Valley Health System

Jessica Fisher named Tri Valley CEO

Tri Valley Health System Board of Directors appointed Jessica Fisher as the new Chief Executive Officer and began duties on May 6.

Jessica has a Master of Healthcare Administration from Bellevue University. She earned a Bachelor and Associates Degree from Fort Hays State University. Also, Jessica has a certification in Leadership, Human Resource Management and is a certified Phlebotomist through the American Society of Clinical Pathology.

Jessica comes to Tri Valley with a wealth of health care experience. Most recently she was the Director of Operations at Valley Hope Association, headquartered in Jessica's hometown of Norton, Kansas. Prior to that she was the Human Resources and Education Director at Cheyenne County Hospital in St. Francis, Kansas and was the Inpatient Clinical Services Manager at Hays Medical

Center, in Hays, Kansas, while providing services to Pawnee Community Hospital in Larned, Kansas and St. Rose Medical Pavilion in Great Bend, Kansas.

Jessica strongly believes in effective healthcare systems providing quality patient care with positive patient outcomes along with delivering cost-effective and affordable healthcare services.

Jessica said, "We will continue to focus on Tri Valley's mission to be a model of continued excellence as a regional integrated health care system committing ourselves to provide quality, progressive care. I am excited for this opportunity and the chance to work together with such a progressive and professional organization."

TVHS welcomes Dr. Michael Powell

Tri Valley Health System is pleased to welcome Michael Powell, M.D. to the health system upon completion of his residency program as a Family Practice primary care provider.

Dr. Powell has received top-notch clinical education and knowledge and has a strong passion for rural health care. Powell be a great addition to the Tri Valley medical team. "My family and I are very excited about this opportunity," said Dr. Powell, a Beaver City, NE native. "I consider it an honor to be able to serve the people in the area in which I was raised."

Dr. Powell earned his Doctor of Medicine degree from the University of Nebraska Medical Center (UNMC) College Of Medicine in 2016. He is completing his final year of residency training through the UNMC Rural Training Track at Family Practice of Grand Island, P.C., St. Francis Medical Center.

He will see patients at Tri Valley Health System July 10. To schedule your appointment with Dr. Powell call 308-697-3329.

Administrator's Letter

Jessica Fisher, CEO

Greetings from Tri Valley Health System and welcome to our first edition of "The Pulse". We are very excited to share "The Pulse" quarterly with 6,000 plus readers. The Pulse was developed to improve our methods of communication, provide community awareness and education, highlight services offered, share upcoming events and important "Save the Dates", share recent celebrations, help you get to know each department, and provide specific information with each of you.

I began my tenure at Tri Valley Health System Monday May 6th, 2019 and it has been true pleasure to work alongside all team members at Tri Valley Health System. Community involvement and giving back to our communities is very important and we look forward to continuing to provide support throughout our surrounding communities.

I want to take a few minutes to share a little bit about myself. I was born and raised in Norton, Kansas. Growing up on a family farm I was blessed to see a 4th generation farm operation. To present date you will still find me out on the farm helping move and work cattle, driving a tractor at harvest time, and getting dirty or covered in mud. Currently, my family resides in Norton and includes my parents, brother, two-sets of grandparents, and uncle. A few hobbies of mine include: spending time at the lake wakeboarding, spending time with friends and family, golfing, bike riding, snow

skiing, attending Kansas State University events, and crafting. A fun fact I want to share is as a small child I spent lots of time in Cambridge as my Great Grandparents resided here and ran the local elevator. During my community tour memories of my many visits were shared with Jamie Mickelson, Foundation Director as she took me on this tour. Growing up in the surrounding area I have a great appreciation and passion for the rural community and rural healthcare.

We will continue to focus on Tri Valley Health System's mission to be a model of continued excellence as a regional integrated health care system committing ourselves to provide quality progressive care. We focus each day "to improve the lives we touch by providing care of the highest quality throughout life's journey." I strongly believe in effective healthcare systems providing quality patient care, with positive patient outcomes, delivering cost-effective, accessible and affordable healthcare services to our customers.

I'm very excited and honored to be here at Tri Valley Health System and work with the entire team, and I look forward to continuing to provide service to all customers. We hope you enjoy reading our first edition of The Pulse and a special thank you to Marketing Director Jolene Miller for making this possible. We look forward to sharing many more great things with you in the near future.

Tri Valley implementing changes to patient bills

We are currently in the process of reviewing our billing processes and statements as we know the current statements are confusing for our customers/patients.

When you receive services at Tri Valley you will be issued a unique visit number for each day you receive services. The clinics and the hospital visits are registered separately. So you can potentially receive two unique visit numbers for one date of service depending on the services ordered by your provider. We really appreciate it if you can provide us with your updated insurance information at time of registration. This allows us to bill your insurance accurately and timely.

We will only send statements after your insurance has paid and processed your accounts. We have heard your complaints regarding our current statement format and are in the process of producing a more itemized and informative guarantor statement. So please watch for these upcoming changes. At this time we do offer a 10% prompt pay discount if you pay your first statement in full within 30 days of the statement date. There are some limitations to this discount. It does not apply to clinic copay that should have been paid at the time of service and some of our self pay only services such as Assisted Living and Plaza Rent and Lifeline. If you have signed up for the Tri Valley Patient Portal, you can pay your balances online.

If you have not paid your statement in 30 days or contacted us to set up payment arrangements, your account could be referred to our extended business office, Revenue Cycle Specialist or RCS. We want to stress that they are not a collection agency. They are simply an extension of our Tri Valley business office that assist us with collection of our self pay accounts. Once an account is referred to RCS, they will send the monthly statements, make follow up phone calls and work with our patients to establish payment arrangements. They follow all Tri Valley business office policies and procedures.

The following are the current payment options available for paying your balances.

1. Your first statement qualifies for a 10% prompt pay discount if paid in full in 30 days. (see limitations noted above).
2. If the guarantor balance due is less than \$1,200, you have 12 months to pay with a minimum payment of \$100 per month.
3. If the guarantor balance due is more than \$1,200, we allow 24 months to pay the balance.
4. If you feel you are unable to meet your financial obligation, we offer financial assistance. This is an application process and requires submitting some supporting financial documentation. Our financial assistance policy and application can be located on our website of www.trivalleyhealth.com under More... and Patients tab.

We are always available to assist with question by phone (308-697-3155 or 1-800-335-9898) or in person at the Patient Accounting office.

Tri Valley Health Fairs

Cambridge - June 14, Arapahoe - July 3, Beaver City - July 19, Indianola - August 9

Are you wanting to become more aware of your health? Join us for one of our Tri Valley Health System Health Fairs. We will be in Cambridge June 14, July 3 in Arapahoe, July 19 in Beaver City, and August 9 in Indianola.

We will be offering several blood tests and screenings – all told, nearly \$1,500 worth of testing! Tri Valley Health System will run a blood pressure test, CBC, cholesterol, glucose tests and more. The costs are as follows: Health Fair \$35, PSA Test (Men) \$15, Bone Density Testing (Women) \$10, TSH Screening Only (Thyroid) \$20, A1C Test (Avg. 3-month blood sugar) \$20. A 10-hour fast is required. This includes no cough drops, gum, cough syrup, etc. And, be sure to drink plenty of water, especially if you are hard to draw. Prior to the Health Fair, you may take prescribed medications. Results will be mailed to you within two weeks of the fair. Tri Valley Health System does not forward the results to your provider. However, if you'd like to visit with your provider about the results, call the medical clinic at 308-697-3317 to schedule an appointment. Take control of your health today!

 Betty Jorgensen

About our Foundation

Tri Valley Medical Foundation is a nonprofit organization dedicated to ensuring the viability of health care in the region for years to come. Their mission statement is "Tri Valley Medical Foundation's sole purpose is supporting and enhancing the healthcare mission of Tri Valley Health System."

Recent successful projects

- Foundation granted nearly \$297,100
- Funds granted were used for a new phone system, a meat slicer for the nutrition services, and a Stryker Endoscopy machine for the Surgery Department
- \$189,500 raised this year/generously donated by supporters of Tri Valley Health System.
- TVMF awarded \$9,800 to 16 area students that are pursuing a career in the medical field.

Types of Giving:

- **Unrestricted Gifts** are those in which the Board of Directors can vote to grant to meet the most urgent needs.
- **Temporarily Restricted Gifts** are for specified programs or events, which TVMF seeks to grant as quickly as possible.
- **Permanently Restricted Gifts, or Endowments** are established by donors to provide ongoing funding for key needs. A portion of earnings is spent annually for each endowment's purpose and the remainder is retained to support the purpose in years to come.

Ways of Giving:

- **Gifts of Cash** - These gifts often make an immediate difference by supporting programs and greatest needs.
- **Commemorative Giving** - Donors frequently give gifts in memory of a family member or friend.
- **Trusts & Annuities** - Significant tax advantages make charitable trust and gift annuities an attractive way to give.
- **Life Insurance** - A donor's need for life insurance may change throughout their lifetime and when that happens, donors can name a Foundation as an additional beneficiary, or the owner and beneficiary, of an existing or new policy.
- **Endowed Named Funds** - Established by donors to support a particular program or initiative. Only tapping into the interest, the principle remains intact, ensuring important programs will be supported for future generations.

Donations in Memory Of

From 05/01/2017-04/30/2018, donations were given in memory of:

Kraig Young
 Vernon Herzberg
 Myrna Kent
 Ann Lord
 Marjorie Warner
 Sage Day
 William Kent Jr.

Donald Richardson
 Roy Patterson
 Victor Polsten
 Claudine Shifflet
 Maxine Purinton
 Margaret Amman
 Marvin Banzhaf

For more information, please contact:
**Jamie Mickelsen, Foundation Director 308.697.1176 or
jamie.mickelsen@trivalleyhealth.com**

- **Scholarships** - A donor may wish to give money to benefit our current scholarship program or to set up a Scholarship in the name of a loved one. This is a great way to give back to area students.
- **Gifts by Will** - Many donors choose to make a gift to an organization that has touched their lives. Inserting the sentence "I bequeath \$ _____ or _____ % of my estate to (insert your choice of Foundation here)" allows the donor to support our work even after they're gone. Types of Bequests: Residuary Bequest: Donor directs all or part of remaining estate to the foundation after any other specific bequests have been made. Specific Bequest: Donor directs a specific dollar amount or percentage to the foundation. Contingent Bequest: Donor names the foundation as the recipient of your estate only in the event of a specified circumstance (example, if others name in your estate are not living at the time of your death".
- **Gifts of Grain & Livestock** - The gift of grain or livestock to TVMF could make a significant investment in the future of TVHS as well as create tax benefits for the donor. Donations of grain can be made at any Ag Valley location transferring the number of bushels you wish to donate to the TVMF account. A donation of livestock may be made at the sales office of the sale barn of your choice. A check can be made payable to TVMF for whatever amount of the sale proceeds you wish to donate.
- **Other** - The Foundation staff is happy to discuss additional giving opportunities. Please contact Jamie Mickelsen at (308) 697-1176 or email jamie.mickelsen@trivalleyhealth.com for more information.

Tri Valley Health System Auxiliary News

Tri Valley Health System Auxiliary donates funds for BiPAP machine and mower

Tri Valley Health System Auxiliary Members, Tri Valley Health System Imaging and Cardiopulmonary Department, and Tri Valley Health System CEO Jessica Fisher are pictured with the photo of the new BiPAP machine that was recently purchased by the Auxiliary.

Tri Valley Health System Auxiliary Members, Plant Operations Manager Mark Harpst, and Tri Valley Health System CEO Jessica Fisher are pictured with the new Grasshopper mower that the Auxiliary provided funding to purchase.

Tri Valley Health System Auxiliary recently donated funding for Tri Valley Health System to purchase a new BiPAP machine for the cardiopulmonary department and a new mower for the plant operations.

The V60 non-invasive auto-adaptive BiPAP technology helps ensure patient synchrony and therapy acceptance. Because every breath matters and every breath is different, patients need a ventilator that always follows their breathing pattern. The improved signal processing technology is finely tuned for both adults and pediatric patients. Because of the donation from the Auxiliary volunteers that made this purchase possible, patients can possibly stay with Tri Valley Health System without having to be transferred.

The Auxiliary also provided funding for a new Grasshopper 725DT6 25 hp diesel mower with a 61" deck and a snow blower attachment. This new unit replaced a 2005 61" Grasshopper mower with a gasoline engine. The new unit is more efficient utilizing less fuel to operate and provides more torque.

The Tri Valley Health System Auxiliary raises funds by volunteering their time at the Tri Valley Health System Thrift Shop. Volunteers also serve at the greeter's desk and work in the gift shop.

Spring & Summer happenings at the TVHS Thrift Store

The TVHS/Hospital Auxiliary Thrift Store in downtown Cambridge is the happening place this spring/summer. St. Paul's Lutheran Church members sorted and boxed up the Thrift Store fall/winter goods on March 31 which were donated to Orphan Grain Train in Grand Island as well as Goodwill and Catholic Charities. The next day Hospital Auxiliary members did deep cleaning in the store and began to bring out the 2019 spring/summer boxes of merchandise. You are invited to come and shop at the Thrift Store Monday through Saturday, 1:00-5:00. We have a wonderful selection of swimsuits/trunks sizes kids through adults. The shoe racks display casual to dressy summer shoes. The clothing racks are filled with dressy and casual tops/pants/jeans for adults. We also have lots of cute summer clothing for kids through teens. In the toy department there are lots of stuffed animals/puzzles/games and toys for all ages. The household department ladies are always adding new items to the store front window and shelves. We also have a great book/magazine section, jewelry, and bedding/linens area. Remember Father's Day is coming soon. Stop by and find something special for dad - we have appliances, DVD's, belts, shirts, jeans, caps, sport/hunting magazines, light weight blankets and so much more to choose from. The Thrift Store also has a fabric/yarn/crafts department, along with greeting cards and gift bags. The basement features unique holiday items - we know you will enjoy browsing this area. You'll be in awe of the corner boutique of wedding/prom/formal dresses, wedding and reception items. The Hospital Auxiliary is very grateful to the wonderful people who donate items for sale at the Thrift Store. We are also thankful for the many shoppers which generates funds for projects at the TVHS Hospital, Clinic and Assisted Living. Purchases in 2019 include a Bi-Pap Ventilator and funding for a Grasshopper mower/snow broom, both for the Hospital, as well as windows, flooring and maintenance at the Assisted Living. The Auxiliary awarded two \$500 scholarships to students to further their education in health care. We offer special Thrift Store sales from time to time - like us on Facebook and keep up to date with offers/sales.

Tri Valley Health System provides public transportation

Nearly 105,000 Nebraskans do not have access to a vehicle. That is 5.7% of households in Nebraska. But they can still get around by utilizing public transit. Public transit is available to 99% of the state's populations.

Tri Valley Health System is proud to be able to offer public transit service to the area. Joyce Deaver, Director of Tri Valley Public Transportation, states that in 2018 Tri Valley had 3,142 boardings and their vehicles traveled 48,766 miles. "Public transportation is a vital need in the community and surrounding communities and we are happy to assist anyone with a ride to the grocery store, banking, shopping, and medical appointments."

Tri Valley predominately serves the communities of Cambridge, Bartley, Indianola, McCook, Lebanon, Danbury, Wilsonville, Hendley, Beaver City, Oxford, Arapahoe and Holbrook but will travel elsewhere if available.

Tri Valley Public Transportation is available Monday-Friday from 7 am to 5 pm but can run after 5 pm for occasional circumstances. To schedule a ride, please call 308-697-1164.

Check out Tri Valley's website for more information at www.trivalleyhealth.com

Extraordinary Nurses recognized at Tri Valley Health System

Nominations needed from patients

Nurses at Tri Valley Health System are being honored with The DAISY Award for Extraordinary Nurses®. The award is part of the DAISY Foundation's mission to recognize the extraordinary, compassionate nursing care they provide patients and families every day.

The DAISY Foundation is a not-for-profit organization, established in memory of J. Patrick Barnes, by members of his family. Patrick died at the age of 33 in late 1999 from complications of Idiopathic Thrombocytopenic Purpura (ITP), a little known but not uncommon auto-immune disease. (DAISY is an acronym for Diseases Attacking the Immune System.) The care Patrick and his family received from nurses while he was ill inspired this unique means of thanking nurses for making a profound difference in the lives of their patients and patient families.

Nurses may be nominated by patients, families, and colleagues. The award recipient is chosen by a committee at Tri Valley Health System to receive The DAISY Award. Awards are presented throughout the year at celebrations attended by the Honoree's colleagues, patients, and visitors. Each Honoree receives a certificate commending her or him as an "Extraordinary Nurse." The certificate reads: "In deep appreciation of all you do, who you are, and the incredibly meaningful difference you make in the lives of so many people." Honorees also receive a DAISY Award pin and a beautiful and meaningful sculpture called A Healer's Touch, hand-carved by artists of the Shona Tribe in Zimbabwe.

Said Bonnie Barnes, FAAN, President and Co-Founder of The DAISY Foundation, "When Patrick was critically ill, our family experienced first-hand the remarkable skill and care nurses provide patients every day and night. Yet these unsung heroes are seldom recognized for the super-human, extraordinary, compassionate work they do. The kind of work the nurses at Tri Valley Health System are called on to do every day epitomizes the purpose of The DAISY Award."

Chief Clinical Officer Jessica Roth said, "We are proud to be among the healthcare organizations participating in The DAISY Award program. Nurses are heroes every day. It's important that our nurses know their work is highly valued, and The DAISY Foundation provides a way for us to do that."

This is one initiative of The DAISY Foundation to express gratitude to the nursing profession. Additionally, DAISY offers J. Patrick Barnes Grants for Nursing Research and Evidence-Based Practice Projects, The DAISY Faculty Award to honor inspiring faculty members in schools and colleges of nursing, and The DAISY in Training Award for nursing students. More information is available at <http://DAISYfoundation.org>, or visit www.trivalleyhealth.com

Nomination forms can be found in all three clinics, in the Hospital entry way, and also on the website at trivalleyhealth.com. The nomination forms can be brought back in and dropped in the nomination box or can be mailed back to Tri Valley Health System C/O Clay Jordan PO Box 488, Cambridge NE 69022.

Serving our area's healthcare needs since 1958

What is now known as Tri Valley Health System began 61 years ago with the opening of Cambridge Memorial Hospital in 1958.

With the assistance from a Hill-Burton grant, a fund drive by area residents and a bequest from John Decker, the dream of creating a hospital to service Furnas County and the surrounding area was realized. The hospital quickly grew and expanded with medical clinics throughout Furnas County and Red Willow County.
