I. Introduction and Overview

Plan Statement

Tri Valley Public Transportation (TVPT) operates a demand response public transit program serving the residents of Furnas County, Red Willow County, and surrounding areas in Nebraska. As a condition of receiving Federal financial assistance to operate these services, the agency ensures that its programs, policies, and activities comply with Title VI of the Civil Rights Act. The following program details how TVPT meets the Title VI requirements set forth in FTA Circular 4702.1B.

TVPT is the recipient of the following FTA funds:

- Federal Section 5311 Non-Urbanized Area Formula Grant Program

TVPT receives Federal funding through the Nebraska Department of Transportation Transit Section. NDOT administers TVPT's FTA transit service funding and provides all Title VI program oversight for TVPT.

Policy

Section 601 under Title VI of the Civil Rights Act of 1964 states the following:

"No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance."

TVPT is committed to ensuring that no person, on the basis of race, color, or national origin, shall be excluded from participation in or subjected to discrimination under its programs or services, or be denied the benefits of the level and quality of transit services provided by the agency's employees, affiliates, and contractors.

Authorizing Legislation

Most Federal transit laws are codified at title 49 U.S.C. Chapter 53. Authorizing legislation is substantive legislation enacted by Congress that establishes or continues the operation of a Federal program or agency. FTA's most recent authorizing legislation is entitled the *Bipartisan Infrastructure Law*, signed into law on November 15, 2021.

How to Contact FTA and TVPT

FTA's regional and metropolitan offices are responsible for providing financial assistance to FTA grant recipients and for oversight of grant implementation for FTA programs. Certain specific programs are the responsibility of FTA headquarters. Inquiries should be directed to either the regional or metropolitan office responsible for the geographic area in which the recipient is located.

Governing Body

The governing body of TVPT is the Cambridge Hospital Association Board of Trustees, elected at the annual meeting of the Cambridge Hospital Association.

FTA Circular 4702.1B

TVPT's Title VI Plan has been developed to address FTA's Title VI requirements and oversight responsibilities. The plan follows the guidelines set forth in FTA Circular 4702.1B.

II. General Reporting Requirements

Chapter III of FTA Circular 4702.1B addresses the general reporting requirements for recipients and subrecipients of FTA funding to ensure that their activities comply with US DOT Title VI regulations. Those requirements are summarized below, accompanied by details on how TVPT's Title VI Transit Program fulfills each requirement.

1. Requirement to Provide Title VI Assurances

In accordance with 49 CFR Section 21.7(a), every application for FTA financial assistance must be accompanied by an assurance that the applicant will carry out the program in compliance with DOT Title VI regulations. This requirement shall be fulfilled when the applicant/recipient submits its annual certifications and assurances to FTA.

TVPT annually submits its Certifications and Assurances to the Nebraska Department of Transportation (NDOT). NDOT collects TVPT's Title VI Assurances prior to passing through FTA funds.

2. Requirement for First-Time Applicants: N/A

New applicants will submit a Title VI program that is compliant with FTA Circular 4702.1B, as well as an assurance that the applicant will carry out the program in compliance with DOT Title VI regulations.

TVPT is not a first-time applicant and is therefore except from this requirement.

3. Requirement to Prepare and Submit a Title VI Program

FTA requires that all direct and primary recipients document their compliance with DOT's Title VI regulations by submitting a Title VI Program to their FTA Regional Civil Rights Officer once every three years, or as otherwise directed by FTA. For all recipients (including subrecipients), the Title VI Program must be approved by the recipient's board of directors or appropriate governing entity or official(s) responsible for policy decision prior to submission to FTA. Subrecipients shall submit Title VI Programs to the primary recipient from whom they receive funding in order to assist the primary recipient in its compliance efforts.

The Cambridge Hospital Association Board of Trustees will approve this Title VI Program by resolution. Documentation of such approval will be submitted with the agency's Title VI Program. The effective date of the Program will be the date of the resolution.

TVPT will submit its Title VI Program to the Nebraska Department of Transportation for review and approval.

4. Requirement to Notify Beneficiaries of Protection under Title VI

Title 49 CFR Section 21.9(d) requires recipients to provide information to the public regarding the recipient's obligations under DOT's Title VI regulations and appraise members of the public of the protections against discrimination afforded to them by Title VI. At a minimum, recipients shall disseminate this information to the public by posting a Title VI notice on the agency's website and in public areas of the agency's office(s), including the reception desk, meeting rooms, etc. Recipients should also post Title VI notices at stations or stops, and/or on transit vehicles.

A copy of TVPT's Title VI Notice to the Public is displayed below. The notice is also displayed in English within the agency's service vehicles and in a public location at the agency's main office in Cambridge, Nebraska. The notice is also available in English on the agency website at www.trivalleyhealth.com.

5. Requirement to Develop Title VI Complaint Procedures and Complaint Form

All recipients shall develop procedures for investigating and tracking Title VI complaints filed against them, and shall make their procedures for filing a complaint available to members of the public. Recipients must also develop a Title VI complaint form, and the form and procedure for filing a complaint shall be available on the recipient's website:

TVPT has adopted the Nebraska Department of Transportation's procedures and forms for investigating and tracking Title VI complaints of discrimination. Discrimination Complaint Forms (pictured below) are available in English on the agency website at www.trivalleyhealth.com and are maintained in print form by TVPT for upon-request distribution; instructions for accessing these forms are provided on the TVPT's Title VI Notice to the Public.

Copies of TVPT's Title VI Complaint Procedures and Complaint Form are displayed below. A description of TVPT's Title VI Complaint Procedures follows the forms.

Title VI Complaint Procedures

Tri Valley Public Health

Any person who believes they have been discriminated against on the basis of race, color, or national origin by the Tri Valley Public Health may file a complaint by completing and submitting the agency's Title VI Complaint Form. Complaints must be submitted within 180 days following the alleged incident. Complaints received after 180 days will not be eligible for investigation.

All Title VI and related statute complaints are considered formal—there is no informal process. Complaints must be made in writing and signed by the complainant on the Complaint Form provided. If complaints are received by telephone, the information will be documented in writing and provided to the complainant for confirmation or revision and signature prior to processing. Complaints must include the complainant's name, address, and telephone number, and should specify all issues and circumstances of the alleged discrimination. Allegations must be based on issues involving race, color, or national origin. Complaints can be submitted to the agency at the following contact information:

Complaints may also be filed with the Federal Transit Administration by obtaining their form at <https://www.transit.dot.gov/regulations-and-guidance/civil-rights-ada/fta-civil-rights-complaint-form>.

Tri Valley Public Transportation will notify the Nebraska Department of Transportation that a complaint has been received. The complainant will receive an acknowledgment letter informing her/him whether the complaint will be investigated. NDOT has 30 days to investigate the complaint. If more information is needed to resolve the case, the agency may contact the complainant to request additional information. The complainant has 15 days from the date of the letter to supply requested information to the investigator assigned to the case.

After the investigator reviews the complaint, she/he will issue one of two letters to the complainant: a closure letter or a letter of finding (LOF). A closure letter summarizes the allegations and states that there was not a Title VI violation and that the case will be closed. An LOF summarizes the allegations and interviews regarding the alleged incident and explains whether any disciplinary action, additional training of the staff member, or other action will occur. If the complainant wishes to appeal the decision, she/he has 30 days following the closure letter or LOF to do so.

TVPT Title VI Complaint Procedures

TVPT forwards all Title VI complaints of discrimination to the Nebraska Department of Transportation Transit Section for review. Any person who believes she or he has been discriminated against on the basis of race, color, or national origin by TVPT may file a complaint by completing and submitting the agency's Title VI Complaint Form. Only complaints received no more than 180 days following the alleged incident will be subject to investigation.

All Title VI and related statute complaints are considered formal – there is no informal process. Complaints must be made in writing and signed by the complainant on the form provided. Complaints received by telephone will be placed in writing and provided to the complainant for confirmation or revision and signing prior to processing. For assistance filing a complaint in a language other than English, complainants may contact the agency by phone and an interpreter will be provided to assist the individual as necessary.

Complaints may be filed by the affected individual or a representative of that individual. Complaints must include the complainant's name, address, and telephone number, and should specify all incidences and circumstances of the alleged discrimination. Allegations must be based on issues involving race, color, or national origin.

Complaints may be filed with the agency using the following contact information:

Tri Valley Public Transportation
Attn: Joyce Deaver, Transportation Manager
1305 Highway 6 & 34
Cambridge, NE 69022
(308) 697-1164

If a complaint is received by TVPT, the agency will submit the complaint to the Nebraska Department of Transportation for review. Upon receipt of the complaint, the NDOT Transit Section will notify the Federal Transit Administration that a complaint has been filed. The NDOT Transit Manager or other investigator will contact the complainant to:

- Acknowledge receipt of the complaint by the investigator.
- Confirm the complainant received adequate assistance to file the complaint.
- Confirm that the complainant wishes to proceed with the complaint.
- Confirm the existence of allegations that require investigation and/or resolution.
- Gather additional facts and further clarify the complaint.

The complainant will be notified in writing that the complaint was received and will be reviewed by the NDOT Transit Section and FTA Region VII, with the involvement of TVPT. If the complaint is determined to have validity, it will be investigated. As part of the review, the investigator will, at minimum:

- Gather relevant documentation from the complainant that was not included in the complaint, such as forms, memos, letters, and photographs;
- Maintain a log of all activities associated with the complaint;
- Complete an investigative report containing information, findings, photos, and recommendations for corrective action to be submitted to FTA.

A copy of the complaint, together with a copy of NDOT's investigative report, shall be forwarded to the FTA Region VII Office in Kansas City, MO within 60 days of the date at which the complaint was received by NDOT.

A decision by NDOT to dismiss a complaint can be made for the following reasons:

- The complaint was not filed within 180 days.
- The complaint is not covered by the Title VI statutes for which NDOT is responsible.
- The complaint does not allege any harm covered under the statutes for which NDOT is responsible.
- The complainant requests the withdrawal of the complaint.
- The complainant fails to respond to repeat, documented requests for additional information needed to process the complaint.
- The complainant cannot be located after documented reasonable attempts.

A log will be maintained which is to include the following information:

- The date the complaint/lawsuit was filed.
- A summary of the allegation(s).
- The status of the investigation.
- The actions taken by the recipient/subrecipient in response to the complaint/lawsuit and investigation.
- Documentation to be retained includes the complaint form and a summary of findings.

After the investigator reviews the complaint, they will issue one of two letters to the complainant: a closure letter or a letter of finding (LOF). A closure letter summarizes the allegations and states that there was not a Title VI violation, and the complaint will be closed. An LOF summarizes the allegations and interviews regarding the alleged incident and explains whether any disciplinary action, additional training of the staff member, or other action will occur. If the complainant wished to appeal the decision, they have 30 days following the closure letter of LOF to do so.

For additional questions regarding TVPT's Title VI complaint procedures or Civil Rights Program, individuals may contact the transit agency at the contact information provided above. For more information on NDOT's Title VI complaints procedure or Civil Rights Program, individuals may contact NDOT at the address provided above.

6. Requirement to Record and Report Title VI Complaints, Investigations, and Lawsuits

In order to comply with the reporting requirements of 49 CFR Section 21.9(b), FTA requires all recipients to prepare and maintain a list of any of the following that allege discrimination on the basis of race, color, or national origin: active investigations conducted by entities other than FTA; lawsuits; and complaints naming the recipient. This list shall include the date that the investigation, lawsuit, or complaint was filed; a summary of the allegation(s); the status of the investigation, lawsuit, or complaint; and actions taken by the recipient in response, or final findings related to the investigation, lawsuit, or complaint.

At this time, TVPT has not received Title VI complaints of discrimination, and therefore there were no investigations or lawsuits to report.

TVPT will maintain a list of all investigations, lawsuits, and/or complaints naming the agency, in accordance with the guidelines specified by FTA Circular 4702.1B. A copy of the form that will be used to track such complaints is displayed below. TVPT will maintain permanent records of all complaint-related documents. The agency will report all Title VI complaints of discrimination to the Nebraska Department of Transportation and the Federal Transit Administration.

7. Plan to Promote Inclusive Public Participation

TVPT's public involvement strategy is intended to promote awareness and provide ample opportunity for the public to participate in the agency's transportation decision-making process surrounding projects, fare and/or service changes, and application for Federal operating assistance. This process allows for:

- Ensuring the timely dissemination of information to the public.
- Considering the input and encouraging the participation of underserved groups in the agency's transportation decision-making processes.
- Granting timely public notice and an adequate review period through this process.
- Facilitating adequate public review of major project revisions.
- Granting opportunity for the review of proposed and final plans.
- Encouraging and documenting public comment.

For these purposes, the agency will announce and hold a public hearing in the event of a fare increase, major change in service, or in the event of a capital construction project. Additionally, the agency will provide adequate public notice in the event of a vehicle purchase or upon the submission of an application for State or Federal operating assistance funds with no major service changes or fare increases.

For the purpose of definition, a major change or reduction service shall include a reduction in total system vehicle hours of 10% or more, the elimination of service in an area with a population of 2,000 or more, the elimination of service on one or more days of the week, or a change in the type of transit service in an area with a population of 2,000 or more. A fare increase shall include an increase in single ride fare for any transit service including other fare categories, or a decrease in the discount(s) offered for fare categories.

Public hearings will be advertised in a newspaper of general circulation in the geographic area the project will serve at least 14-21 calendar days in advance of the public hearing, and again no later than 5-12 calendar days in advance of the public hearing. Notice of hearings shall include a concise description of the proposed project and will advertise availability of translated copies of said hearing notice and/or other publicly released meeting documents in Spanish upon request from the public. Hearings will be held in accessible locations and at times convenient for public attendance.

Written or verbal comments from the public will be accepted during and for at least 10 days following the public hearing. These comments will be reviewed as part of the agency's decision-making process surrounding transportation projects.

An agency staff member will record and prepare formal minutes of the public hearing. These minutes will be available to the public upon request. Spanish translations of these minutes, as well as of other publicly released meeting documents (e.g., announcements, surveys, comment cards, etc.) will be made available to members of the public upon request. The availability of translated minutes and/or other public documents will be advertised on the agency's public hearing notice.

Summary of Past Outreach Efforts

TVPT routinely performs outreach to the public through a number of outlets including involvement in community events such as parades and health drives. It should be noted that TVPT personnel report no

interaction with minority persons or persons of limited English proficiency – an estimate supported by the Service Area Profile data presented in the Four Factor Analysis accompanying the current Title VI Program submission. Nonetheless, the agency's current public participation strategy has been revised as described above to enhance opportunities for participation by persons of limited English proficiency.

8. Providing Meaningful Access to LEP Persons

Recipients are required to take reasonable steps to ensure meaningful access to their programs and activities by LEP persons. While designed to be a flexible and fact-dependent standard, the starting point is an individualized assessment that balances the following four factors: (1) the number or proportion of LEP persons eligible to be served or likely to be encountered by the program or grantee; (2) the frequency with which LEP individuals come into contact with the program; (3) the nature and importance of the program, activity, or service provided by the program to people's lives; and (4) the resources available to the grantee/recipient and costs. As indicated above, the intent of this guidance is to suggest a balance that ensures meaningful access by LEP persons to critical services while not imposing undue burdens on small business, small local governments, or small nonprofits.

Four Factor Analysis Results Summary

Tri Valley Public Transportation provides transportation to the general public; transportation is provided to residents in Furnas County, Red Willow County, and surrounding areas in Nebraska. Tri Valley Public Transportation personnel report that contact with clients of limited English proficiency (LEP) is extremely rare, with no LEP clients in contact with the program at the current time. However, the following analysis was carried out to inform a Language Assistance Plan that considers the needs of limited English proficient (LEP) persons who could potentially be encountered by the agency as it administers its programs and services in Furnas and Red Willow Counties.

To facilitate this analysis, 2016-2020 American Community Survey data was analyzed at the county level. This data was used to inform the Language Assistance Plan accompanying this Four Factor Analysis. The data show that the number and proportion of LEP persons in Furnas and Red Willow Counties is low, with approximately 96.9% of the population estimated to speak English only.

TVPT Four Factor Analysis

Factor 1: The number or proportion of LEP persons eligible to be served or likely to be encountered by the program or recipient

TVPT provides transportation service for the residents of Furnas and Red Willow Counties in Nebraska. To determine the number and proportion of LEP persons residing within the agency's service area, 2016-2020 American Community Survey data representing languages spoken at home for persons over five years of age was analyzed for Furnas County and Red Willow County. This analysis resulted in the following service area profile. In this analysis, "LEP" was defined as person who speak English "less than 'very well'" according to the American Community Survey. LEP can also be defined as a person who has a limited ability to speak, read, or write the English language.

The agency occasionally provides trips for residents of Furnas and Red Willow Counties to nearby locations. While it would be resource-prohibitive for the agency to tailor its language assistance measures to the characteristics of these sporadic trips to surrounding areas, the agency will take

reasonable steps to assist LEP persons who may come into contact with the program as a result of these out-of-area trips.

TVPT service area LEP profile

- The total number of persons over the age of five in the two counties included in the TVPT service area is 14,532.
- Approximately 96.9% of this total population speak English only.
- From mid-February to mid-March riders were given a language survey to determine what language(s) riders were comfortable using. Tri Valley Public Transportation collected 30 responses, with all respondents saying they were comfortable using English when accessing public transportation. One respondent noted they were also comfortable speaking Spanish, and one other noted they were comfortable speaking Dutch.
- Spanish is the largest non-English language group in the TVPT service area. Notably this language group contains only 162 LEP persons.
- Other language groups in the TVPT service area contained a very low number and proportion of LEP persons and did not near the Safe Harbor Threshold of 1,000 LEP persons nor a 5% or greater proportion of LEP persons. Notably, only 12 LEP persons were identified in the entire TVPT service area as speaking a language other than Spanish.

Service Area Profile Conclusions

The number and proportion of Spanish-speaking LEP persons in the vicinity of Tri Valley Public Transportation is very low, with no non-English language groups exceeding the Safe Harbor Threshold of 1,000 or more LEP persons or 5% of the service area population. Moreover, agency personnel report that contact with LEP persons is extremely rare, with no LEP clients estimated to be in contact with the program at the current time.

Factor 1a: How LEP persons interact with the recipient's agency

TVPT personnel report that contact with LEP persons while administering its programs and services is extremely rare. It is estimated that such contact would most likely occur while scheduling or providing transportation.

Factor 1b: The literacy skills of LEP persons in their native languages, in order to determine whether the translation of written documents will be an effective practice.

No complete data could be obtained regarding the native language literacy of LEP Persons within the TVPT service area. The agency did make surveys on language preference available to all riders from mid-February to mid-March 2022 in English and Spanish with other languages available upon request. The agency received 30 responses, all indicating the respondent felt comfortable using English and one response listing each of Dutch and Spanish used at home. If a complete data set becomes available, it will be utilized by the agency. However, due to the language assistance resources made available by the agency to LEP persons (see accompanying Language Assistance Plan), it is not estimated that barriers to service due to native language literacy would prevent LEP persons from accessing the agency's programs or services at this time.

Factor 1c: Whether LEP persons are underserved by the recipient due to language barriers

TVPT personnel report that interaction with persons of limited English proficiency is highly infrequent. This estimate is supported by the very low number and proportion of LEP persons residing within the agency service area, as identified in the Service Area Profile above. It is not estimated that barriers to service due to language exist at this time.

Factor 2: The frequency with which LEP persons come into contact with the program

TVPT personnel report that contact with LEP persons while administering programs and services is extremely rare.

Factor 3: The Nature and Importance of the Program, Activity, or Service in People's Lives

TVPT operates a public transportation service that is open to all individuals. Service is frequently provided to individuals who need rides to medical appointments, the bank, to go shopping, to facilitate personal travel, and more. It is deemed that TVPT's services are of high value to the residents of Furnas and Red Willow Counties.

Factor 4: The resources available to the recipient for LEP outreach, as well as the costs associated with that outreach

TVPT has access to Title VI LEP outreach resources through the Nebraska Department of Transportation, including Spanish document translation assistance and verbal translation over the phone, Title VI template documents (e.g., Title VI Notice to the Public, Title VI Complaint form, etc.) for TVPT's use, and general Title VI assistance and oversight.

TVPT Language Assistance Plan

Tri Valley Public Transportation currently has access to document translation assistance through the Nebraska Department of Transportation, as well as general Title VI assistance and oversight through this agency. Using this resource, Tri Valley Public Transportation's Title VI Notice to the Public, Discrimination Complaint Form, and Discrimination Complaint Procedures Form will be translated into Spanish upon request. In the event of a public hearing by TVPT, publicly distributed meeting documents, including meeting minutes, may also be provided in Spanish upon request.

TVPT also has access to verbal translation over the phone through the Nebraska Department of Transportation. The agency will use this resource if in-person or over the phone verbal translation is required when working with riders. The agency will also take reasonable steps to assist LEP persons who may choose to access its programs and services in the future.

Additionally, U.S. Department of Agriculture "I Speak" cards (displayed below) will also be located at the agency's main office to enable LEP persons to quickly identify their spoken language when it cannot be readily identified by a TVPT staff member. This will assist TVPT in determining additional language assistance needs as they arise.

Monitoring, Evaluating, and Updating the LEP Plan

Tri Valley Public Transportation will update the current Language Assistance Plan as required. At minimum, the plan will be reviewed and updated every three years. Updates may include the following:

- The number of documented LEP person contacts encountered since the last update. Description of how the needs of LEP persons have been addressed.
- Determination of the current LEP population within the agency service area.
- Determination of whether the need for language assistance has changed.
- Determination of whether local language assistance has been effective and sufficient at meeting needs.
- Determination of whether the agency's available outreach resources are sufficient to supply necessary language assistance.
- Determination of whether complaints have been received concerning the agency's failure to meet the needs of LEP persons.

Employee Training

TVPT's transit personnel are required to review the current Title VI Program document and sign a written statement declaring their understanding of their obligation to provide service regardless to race, color, or national origin.

Necessary personnel will be familiar with the agency's procedures for handling a potential Title VI complaint.

TVPT's Transit Manager has taken part in Title VI planning and training sessions through the Nebraska Department of Transportation and University of Nebraska.

Additional resources for employee training include a Title VI training hosted by the Nebraska Department of Transportation and the University of Nebraska, and ongoing Title VI assistance and oversight provided by the Nebraska Department of Transportation and University of Nebraska at Omaha.

9. Minority Representation on Planning and Advisory Bodies

Title 49 CFR Section 21.5(b)(1)(vii) states that a recipient may not, on the grounds of race, color, or national origin, "deny a person the opportunity to participate as a member of a planning, advisory, or similar body which is an integral part of the program." Recipients that have transit-related, nonelected planning boards, advisory councils or committees, or similar committees, the membership of which is selected by the recipient, must provide a table depicting the racial breakdown of the membership of those committees, and a description of efforts made to encourage the participation of minorities on such committees.

TVPT currently does not have a transit-related, non-elected planning board or committee. In the event such a committee were established prior to the agency's next Title VI program submission, the following table (pictured below) would be used to depict minority representation on said committee.

Sample Minority Representation Table

Minority Representation Table

# of non-elected members	% Caucasian	% African American	% Latino	% Asian American	% Native American	% Other Ethnicity	Notes

10. Requirement to Provide Assistance to Subrecipients: N/A

TVPT is not a primary recipient and is therefore exempt from this requirement.

11. Monitoring of Subrecipients: N/A

TVPT is not a primary recipient and is therefore exempt from this requirement.

12. Equity Analysis to Determine Site or Location of Facilities

Title 49 CFR Section 21. 9(b)(3) states, "In determining the site or location of facilities, a recipient or applicant may not make selections with the purpose or effect of excluding persons from, denying them the benefits of, or subjecting them to discrimination under any program to which this regulation applies, on the grounds of race, color, or national origin; or with the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the Act or this part."

Title 49 CFR part 21, Appendix C, Section (3)(iv) provides, "The location of projects requiring land acquisition and the displacement of persons from their residences and businesses may not be determined on the basis of race, color, or national origin." For the purposes of this requirement, "facilities" does not include bus shelters, as these are transit amenities and are covered in Chapter IV, nor does it include transit stations, power substations, etc., as those are evaluated during project development and the NEPA process. Facilities included in this provision include, but are not limited to, storage facilities, maintenance facilities, operations centers, etc.

In the last seven years, TVPT has not acquired land to build a new facility including storage, maintenance, and operations.

In possible future circumstances, TVPT will ensure that both environmental analysis and Title VI environmental justice requirements are incorporated into the scope of work for all facilities projects. The agency will complete a Title VI equity analysis during the planning stage with regard to where a project is located or sited to ensure the location is selected without regard to race, color, or national origin. The agency will engage in outreach to persons potentially impacted by the siting of facilities. The Title VI equity analysis will compare the equity impacts of various siting alternatives, and the analysis will occur prior to the selection of the preferred site.

When evaluating the locations of facilities, TVPT will give attention to other facilities with similar impacts in the area to determine whether any cumulative adverse impacts might result. Analysis will be conducted at the Census tract or block group, where appropriate, to ensure that proper perspective is given to localized impacts.

If the agency determines that the location of a project will result in a disparate impact on the basis of race, color, or national origin, the agency will only locate the project in that location if there is a substantial legitimate justification for locating the project there, and when there are no alternative locations that would have a less disparate impact on the basis of race, color, or nation origin. The agency will show how both tests are met and will consider and analyze alternatives to determine whether those alternatives would have less of a disparate impact on the basis of race, color, or national origin; the agency will then implement the least discriminatory alternative.

13. Requirement to Provide Additional Information upon Request

FTA may request, at its discretion, information other than that required by FTA Circular 4702.1B from a recipient in order for FTA to investigate complaints of discrimination or to resolve concerns about possible noncompliance with DOT's Title VI regulation.

TVPT will fully cooperate with any FTA investigation of discrimination complaints to the extent required by Title VI regulations.

III. Requirements and Guidelines for Fixed-Route Transit Providers: N/A

TVPT is not a provider of fixed route transportation and is therefore exempt from this requirement.

IV. Requirements for States: N/A

V. Requirements for Metropolitan Planning Organizations: N/A

VI. FTA Compliance Reviews: N/A
