I. Introduction and Overview

Plan Statement

Cambridge Memorial Hospital, Inc. dba Tri Valley Public Transportation (TVPT) operates a demandresponse public transit program serving the residents of the following Nebraska Counties: Furnas and Red Willow. As a condition of receiving Federal financial assistance to operate these services, the agency ensures that its programs, policies, and activities comply with Title VI of the Civil Rights Act. The following program details how TVPT meets the Title VI requirements set forth in FTA Circular 4702.1B.

TVPT is the recipient of the following FTA funds:

- Federal Section 5311 Non-Urbanized Area Formula Grant Program
- State of Nebraska Program 305 Operating Assistance

TVPT receives Federal funding through the Nebraska Department of Roads Transit Section. NDOR administers TVPT's FTA transit service funding and provides all Title VI program oversight for TVPT.

Policy

Section 601 under Title VI of the Civil Rights Act of 1964 states the following:

“No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.”

TVPT is committed to ensuring that no person, on the basis of race, color, or national origin, shall be excluded from participation in or subjected to discrimination under its programs or services, or be denied the benefits of the level and quality of transit services provided by the agency's employees, affiliates, and contractors.

Authorizing Legislation

Most Federal transit laws are codified at title 49 U.S.C. Chapter 53. Authorizing legislation is substantive legislation enacted by Congress that establishes or continues the operation of a Federal program or agency. FTA's most recent authorizing legislation is entitled the *Moving Ahead for Progress in the 21st Century (MAP-21) Act*, Public Law 112-141, signed into law on July 6, 2012, and effective as of October 1, 2012.

How to Contact FTA and TVPT

FTA's regional and metropolitan offices are responsible for providing financial assistance to FTA grant recipients and for oversight of grant implementation for FTA programs. Certain specific programs are the responsibility of FTA headquarters. Inquiries should be directed to either the regional or metropolitan office responsible for the geographic area in which the recipient is located.

Governing Body

The governing body of TVPT is comprised of nine (9) elected Board members of Cambridge Memorial Hospital, Inc.

TVPT's Title VI Plan has been developed to address FTA's Title VI requirements and oversight responsibilities. The Plan follows the guidelines set forth in FTA Circular 4702.1B.

II. General Reporting Requirements

Chapter III of FTA Circular 4702.1B addresses the general reporting requirements for recipients and subrecipients of FTA funding to ensure that their activities comply with US DOT Title VI regulations. These requirements are summarized below, accompanied by details on how TVPT's Title VI Transit Program fulfills each requirement.

1. Requirement to Provide Title VI Assurances

In accordance with 49 CFR Section 21.7(a), every application for FTA financial assistance must be accompanied by an assurance that the applicant will carry out the program in compliance with DOT Title VI regulations. This requirement shall be fulfilled when the applicant/recipient submits its annual certifications and assurances to FTA.

TVPT annually submits its Certifications and Assurances to the Nebraska Department of Roads (NDOR). NDOR collects TVPT's Title VI Assurances prior to passing through FTA funds.

2. Requirement for First-Time Applicants: N/A

New applicants will submit a Title VI program that is compliant with FTA Circular 4702.1B, as well as an Assurance that the applicant will carry out the program in compliance with DOT Title VI regulations.

TVPT is not a first-time applicant, and is therefore exempt from this requirement.

3. Requirement to Prepare and Submit a Title VI Program

FTA requires that all direct and primary recipients document their compliance with DOT's Title VI regulations by submitting a Title VI Program to their FTA Regional Civil Rights Officer once every three years, or as otherwise directed by FTA. For all recipients (including subrecipients), the Title VI Program must be approved by the recipient's board of directors or appropriate governing entity or official(s) responsible for policy decisions prior to submission to FTA. Subrecipients shall submit Title VI Programs to the primary recipient from whom they receive funding in order to assist the primary recipient in its compliance efforts.

The Cambridge Memorial Hospital, Inc. Board of Directors will approve this Title VI Program. Documentation of such approval will be submitted with the agency's Title VI Program.

TVPT will submit its Title VI Program to the Nebraska Department of Roads for review and approval.

4. Requirement to Notify Beneficiaries of Protection under Title VI

Title 49 CFR Section 21.9(d) requires recipients to provide information to the public regarding the recipient's obligations under DOT's Title VI regulations and apprise members of the public of the protections against discrimination afforded to them by Title VI. At a minimum, recipients shall disseminate this information to the public by posting a Title VI notice on the agency's website and in public areas of the agency's office(s), including the reception desk, meeting rooms, etc. Recipients should also post Title VI notices at stations or stops, and/or on transit vehicles.

A copy of TVPT's Title VI Notice to the Public is displayed below. The notice is posted in English and

Spanish on the agency website at www.trivalleyhealth.com. The notice is also displayed in English and Spanish within the agency's service vehicles and in a public location at the agency's main office in Cambridge, Nebraska.

Title VI Notice to the Public

5. Requirement to Develop Title VI Complaint Procedures and Complaint Form

All recipients shall develop procedures for investigating and tracking Title VI complaints filed against them, and shall make their procedures for filing a complaint available to members of the public. Recipients must also develop a Title VI complaint form, and the form and procedure for filing a complaint shall be available on the recipient's website:

TVPT has adopted the Nebraska Department of Roads' procedures and forms for investigating and tracking Title VI complaints of discrimination. TVPT's Title VI Complaint Procedures and Complaint Form are displayed below. These forms are available to the public in English and Spanish on the agency website at www.trivalleyhealth.com, and upon request. Instructions for obtaining these forms are displayed in English and Spanish on the agency's Title VI Notice to the Public.

A description of TVPT's Title VI Complaint Procedures follows the forms presented below.

Title VI Complaint Procedures

Tri Valley Public Transportation

Any person who believes they have been discriminated against on the basis of race, color, or national origin by Tri Valley Public Transportation may file a complaint of discrimination by completing and submitting the agency's Title VI Complaint Form. Complaints must be submitted within 180 days following the alleged incident. Complaints received after 180 days will not be eligible for investigation.

All Title VI and related statute complaints are considered formal—there is no informal process. Complaints must be made in writing and signed by the complainant on the Complaint Form provided. If complaints are received by telephone, the information will be documented in writing and provided to the complainant for confirmation or revision and signature prior to processing. Complaints must include the complainant's name, address, and telephone number, and should specify all issues and circumstances of the alleged discrimination. Allegations must be based on issues involving race, color, or national origin. Complaints can be submitted to the agency at the following contact information:

Tri Valley Public Transportation

Complaints can also be filed directly with the Federal Transit Administration at:

Federal Transit Administration

Attn: Title VI Program Coordinator
East Building, 5th Floor-TCR
1200 New Jersey Ave. SE
Washington, D.C. 20590

Title VI complaints of discrimination received by Tri Valley Public Transportation will be directed to the Nebraska Department of Roads (NDOR) Transit Section for review. NDOR will notify the Federal Transit Administration that a complaint has been received. The complainant will receive an acknowledgment letter informing her/him whether the complaint will be investigated. NDOR has 30 days to investigate the complaint. If more information is needed to resolve the case, the agency may contact the complainant to request additional information. The complainant has 15 days from the date of the letter to supply requested information to the investigator assigned to the case.

After the investigator reviews the complaint, she/he will issue one of two letters to the complainant: a closure letter or a letter of finding (LOF). A closure letter summarizes the allegations and states that there was not a Title VI violation and that the case will be closed. An LOF summarizes the allegations and interviews regarding the alleged incident and explains whether any disciplinary action, additional training of the staff member, or other action will occur. If the complainant wishes to appeal the decision, she/he has 30 days following the closure letter or LOF to do so.

TVPT Title VI Complaint Procedures

Any person who believes they have been discriminated against on the basis of race, color, or national origin by TVPT may file a complaint by completing and submitting the agency's Title VI Complaint Form. These forms are available upon request by visiting or contacting the agency using the contact information below. TVPT forwards all Title VI complaints of discrimination to the Nebraska Department of Roads Rail and Public Transit section for review. Only complaints received no more than 180 days following the alleged incident will be subject to investigation.

All Title VI and related statute complaints are considered formal—there is no informal process. Complaints must be made in writing and signed by the complainant on the form provided. Complaints received by telephone will be placed in writing and provided to the complainant for confirmation or revision and signing prior to processing. For assistance filing a complaint in a language other than English, complainants may contact the agency by phone, and an interpreter will be provided to assist the individual as necessary.

Complaints may be filed by the affected individual or a representative of that individual. Complaints must include the complainant's name, address, and telephone number, and should specify all incidences and circumstances of the alleged discrimination. Allegations must be based on issues involving race, color, or national origin.

Complaints may be filed with the agency using the following contact information:

TCR 1200 New Jersey
Ave., SE
Washington, D.C. 20590

As stated above, if a complaint is received by TVPT, the agency will submit the complaint to the Nebraska Department of Roads (NDOR) for review. Upon receipt of the complaint, the NDOR Transit Section will notify the Federal Transit Administration that a complaint has been filed. The NDOR Transit Manager or other investigator will contact the complainant to:

- Acknowledge receipt of the complaint by the investigator.
- Confirm the complainant received adequate assistance to file the complaint
Confirm that the complainant wishes to proceed with the complaint.
- Confirm the existence of allegations that require investigation and/or resolution.
 Gather additional facts and further clarify the complaint.

The complainant will be notified in writing that the complaint was received and will be reviewed by the NDOR Transit Section and FTA Region VII, with the involvement of TVPT. If the complaint is determined to have validity, it will be investigated. As part of the review, the investigator will, at minimum:

- Gather relevant documentation from the complainant that was not included in the complaint, such as forms, memos, letters, and photographs;
- Maintain a log of all activities associated with the complaint;
- Complete an investigative report containing information, findings, photos, and recommendations for corrective action, to be submitted to FTA.

A copy of the complaint, together with a copy of NDOR's investigative report, shall be forwarded to the FTA Region VII Office in Kansas City, MO within 60 days of the date at which the complaint was received by NDOR.

A decision by NDOR to dismiss a complaint can be made for the following reasons:

- The complaint was not filed within 180 days.
- The complaint is not covered by the Title VI statutes for which NDOR is responsible.
- The complaint does not allege any harm covered under the statutes for which NDOR is responsible.
- The complainant requests the withdrawal of the complaint.
- The complainant fails to respond to repeat, documented requests for additional information needed to process the complaint.
- The complainant cannot be located after documented reasonable attempts.

11

A log will be maintained which is to include the following information:

- The date the complaint/lawsuit was filed.
- A summary of the allegation(s).
- The status of the investigation.
- The actions taken by the recipient/subrecipient in response to the complaint/lawsuit and investigation.
- Documentation to be retained includes the complaint form and a summary of findings.

After the investigator reviews the complaint, she/he will issue one of two letters to the complainant: a closure letter or a letter of finding (LOF). A closure letter summarizes the allegations and states that there was not a Title VI violation and the complaint will be closed. An LOF summarizes the allegations and interviews regarding the alleged incident and explains whether any disciplinary action, additional training of the staff member, or other action will occur. If the complainant wished to appeal the decision, she/he has 30 days following the closure letter or LOF to do so.

For additional questions regarding TVPT's Title VI complaints procedure or Civil Rights Program, individuals may contact the transit agency at the contact information provided above. For more information on NDOR's Title VI complaints procedure or Civil Rights Program, individuals may contact NDOR at the address provided.

6. Requirement to Record and Report Title VI Complaints, Investigations, and

Lawsuits

In order to comply with the reporting requirements of 49 CFR Section 21.9(b), FTA requires all recipients to prepare and maintain a list of any of the following that allege discrimination on the basis of race, color, or national origin: active investigations conducted by entities other than FTA; lawsuits; and complaints naming the recipient. This list shall include the date that the investigation, lawsuit, or complaint was filed; a

summary of the allegation(s); the status of the investigation, lawsuit, or complaint; and actions taken by the recipient in response, or final findings related to, the investigation, lawsuit, or complaint.

At this time, TVPT has not received Title VI complaints of discrimination, and therefore there are no investigations or lawsuits to report

TVPT will maintain a list of all investigations, lawsuits, and/or complaints naming the agency, in accordance with the guidelines specified by FTA C 4702.1B. A copy of the form that will be used to track such complaints is displayed below. TVPT will maintain permanent records of all complaint-related documents. The agency will report all Title VI complaints of discrimination to the Nebraska Department of Roads and the Federal Transit Administration.

7. Plan to Promote Inclusive Public Participation

TVPT's public involvement strategy is intended to promote awareness and provide ample opportunity for the public to participate in the agency's transportation decision-making process surrounding projects, fare and/or service changes, and applications for Federal operating assistance. This process allows for:

- Ensuring the timely dissemination of information to the public
- Considering the input and encouraging the participation of underserved groups in the agency's transportation decision-making processes.
- Facilitating adequate public review of major project revisions.
- Granting opportunity for the review of proposed and final plans.
- Encouraging and documenting public comment.
- Granting timely public notice and an adequate review period through this process.

For these purposes, the agency will announce and hold a public hearing in the event of a fare increase, major change in service, or in the event of a capital construction project. Additionally, the agency will provide adequate public notice in the event of a vehicle purchase or upon the submission of an application for State or Federal operating assistance funds with no major service changes or fare increases.

For the purpose of definition, a major change or reduction in service shall include a reduction in total system vehicle hours of 10% or more, the elimination of service in an area with a population of 2,000 or more, the elimination of service on one or more days of the week, or a change in the type of transit service in an area with a population of 2,000 or more. A fare increase shall include an increase in single ride fare for any transit service including other fare categories, or a decrease in the discount(s) offered for fare categories.

Public hearings will be advertised in a newspaper of general circulation in the geographic area the project will serve at least 14-21 calendar days in advance of the public hearing, and again no later than 5-12 calendar days in advance of the public hearing. Notice of hearings shall include a concise description of the proposed project, and will advertise the availability of translated copies of said hearing notice and/or other publically-released meeting documents in Spanish. Hearings will be held in accessible locations and at times convenient for public attendance.

Written or verbal comments from the public will be accepted during and for at least 10 days following the public hearing. These comments will be reviewed as part of the agency's decision-making process surrounding transportation projects.

An agency staff member will record and prepare formal minutes of the public hearing. These minutes will be available to the public upon request. Spanish translations of these minutes, as well as of other publically-released meeting documents (e.g., announcements, surveys, comment cards, etc.), will be distributed members of the

public upon request. The availability of translated minutes and/or other public documents will be advertised on the agency's public hearing notice.

Summary of Past Outreach Efforts

TVPT routinely notifies and engages the public at large through a number of outlets. These include posting service information in locations selected for their visibility to community members, including minorities and persons of limited English proficiency (notably, as identified in the Four Factor Analysis accompanying this Title VI program submission, the number and proportion of LEP persons in the TVPT service area is low). These include a local ethanol plant; Butler Memorial Library; the Cambridge post office; a local senior center; a low-income housing facility; and the local school. Information is also posted on the agency website at www.trivalleyhealth.com.

8. Providing Meaningful Access to LEP Persons

Recipients are required to take reasonable steps to ensure meaningful access to their programs and activities by LEP persons. While designed to be a flexible and fact-dependent standard, the starting point is an individualized assessment that balances the following four factors: (1) the number or proportion of LEP persons eligible to be served or likely to be encountered by the program or grantee; (2) the frequency with which LEP individuals come into contact with the program; (3) the nature and importance of the program, activity, or service provided by the program to people's lives; and (4) the resources available to the grantee/recipient and costs. As indicated above, the intent of this guidance is to suggest a balance that ensures meaningful access by LEP persons to critical services while not imposing undue burdens on small business, small local governments, or small nonprofits.

Four Factor Analysis Results Summary

Based on the findings of the Four Factor Analysis presented below, interaction between TVPT personnel and LEP persons is estimated to be very infrequent and of an unpredictable nature. Notably, no nonEnglish language group met or surpassed the Safe Harbor Provision Threshold of 1,000 or more LEP persons or 5% or more LEP persons. Subsequently, many forms of routine or programmatic language assistance are deemed to be resource-prohibitive by the agency at this time. However, taking reasonable steps to provide language assistance to limited English proficient (LEP) persons who may choose to access TVPT's programs and services is of high value and importance to the agency, with particular emphasis on LEP persons who speak Spanish or Spanish Creole—the state of Nebraska's largest nonEnglish language group by a large margin. TVPT's language assistance measures are described in the Language Assistance Plan following this Four Factor Analysis.

TVPT Four Factor Analysis

Factor 1: The number or proportion of LEP persons eligible to be served or likely to be encountered by the program or recipient

TVPT provides a demand response public transit service to the residents of Furnas and Red Willow Counties, Nebraska. To determine the number and proportion of LEP persons residing within the agency's service area, 2008-2012 American Community Survey Data representing languages spoken at home for persons over five years of age was combined and analyzed at the aggregate county level. This analysis resulted in the following service area profile. In this analysis, "LEP" was defined as persons who speak English "less than very well" according to the American Community Survey. LEP can also be defined as a person who has a limited ability to speak, read, or write the English language.

TVPT service area LEP profile

- The total number of persons over five years of age in the TVPT service area is 15,025.
- Of the total population over five years of age, 14,626 persons, or, approximately 97% of the population, speak English only.
- No non-English language groups in the combined service area contained at least 1,000 LEP persons.
- No non-English language groups contained an LEP population representing 5% or more of the total service area population.
- The largest non-English language group within the TVPT service area is Spanish or Spanish Creole. This language group contains 303 persons, representing 2% of the population, with 142 persons identified as LEP. Other non-English language groups were small by comparison, containing only 17 LEP persons combined.

Service Area Profile Conclusions

The total number and proportion of LEP persons residing within the TVPT service area is low. Notably, the LEP composition of the agency's service area does not meet the Safe Harbor Provision threshold of 1,000 LEP persons or 5% or more LEP persons. Based on these findings, many forms of routine or programmatic LEP language assistance are deemed to be cost-prohibitive at this time; however, as detailed in the Language Assistance Plan following this Four Factor Analysis, the agency is prepared to take reasonable steps to ensure equal access for LEP persons who may choose to access its programs and services. Because Spanish or Spanish Creole is the largest LEP language group in the TVPT service area and the state of Nebraska, particular emphasis will be placed on providing Spanish language assistance on an as-needed basis.

Factor 1a: How LEP persons interact with the recipient's agency

TVPT personnel report that contact with persons of limited English proficiency is extremely rare. This estimate is well-supported by the Service Area Profile presented above, which shows that the number and proportion of LEP persons in the agency service area is very low.

Factor 1b: The literacy skills of LEP persons in their native languages, in order to determine whether the translation of written documents will be an effective practice

No data could be obtained regarding the native language literacy of LEP persons within the TVPT service area, nor does the agency maintain such data at this time. Such data will be utilized in the instance that it becomes available. However, due to the very low number and proportion of LEP persons residing within the agency's service area, the nature of interaction between LEP persons and the agency, and the language assistance resources made available by the agency to LEP persons (see the accompanying Language Assistance Plan), it is not estimated that barriers to service due to native language literacy would prevent LEP persons from accessing the agency's programs or services at this time.

Factor 1c: Whether LEP persons are underserved by the recipient due to language barriers

Due to the low number and proportion of LEP persons residing within the agency's service area, and because of the infrequency of contact with LEP persons, (see the accompanying Language Assistance Plan), it is not estimated that language-related barriers prevent LEP persons from equitably accessing the agency's programs and services at the current time.

Factor 2: The frequency with which LEP persons come into contact with the program

TVPT personnel report that contact with persons of limited English proficiency is extremely rare.

Factor 3: The Nature and Importance of the Program, Activity, or Service in People's Lives

Much of TVPT's ridership includes the elderly and/or disabled. Public transportation enables these individuals access to critical community locations and services such as medical care and shopping facilities. This enables these individuals to maintain greater mobility and a higher quality of life.

Factor 4: The resources available to the recipient for LEP outreach, as well as the costs associated with that outreach

TVPT has access to a variety of Title VI LEP outreach resources through the Nebraska Department of Roads, including Spanish document translation assistance, Title VI template documents (e.g., Title VI Notice to the Public, Title VI Complaint form, etc.) for TCPT's use, and general Title VI assistance and oversight.

TVPT Language Assistance Plan

Plan to Provide Translated Documents

TVPT currently has access to Spanish document translation services at no cost through the Nebraska Department of Roads. Using this resource, TVPT's Title VI Notice to the Public, Discrimination Complaint Form, and Complaint Procedures Form have been made available in Spanish for public distribution and posting on the agency website. In the event of a public hearing by TVPT, publically-distributed meeting documents, including meeting minutes, will be also provided in Spanish upon request using this resource. The availability of translated documents will be advertised on the agency's public hearing notice. TVPT will likewise take reasonable steps to provide Spanish translations of additional agency documents in the event they are requested by LEP persons.

U.S. Census Bureau "I Speak" cards (displayed below) will also be located at the agency's main office to enable LEP persons to quickly identify their spoken language when it cannot be readily identified by a TVPT staff member. This will enable TVPT personnel to document any future contact with persons of limited English proficiency.

Monitoring, Evaluating, and Updating the LEP Plan

TVPT will update the current Language Assistance Plan as required. At minimum, the plan will be reviewed and updated every two years. Updates may include the following:

- The number of documented LEP person contacts encountered since the last update. Description of how the needs of LEP persons have been addressed.
- Determination of the current LEP population within the agency service area.
- Determination of whether the need for language assistance has changed.
- Determination of whether local language assistance has been effective and sufficient at meeting needs.
- Determination of whether the agency’s available outreach resources are sufficient to supply necessary language assistance.
- Determination of whether complaints have been received concerning the agency’s failure to meet the needs of LEP persons.

Employee Training

TVPT transit personnel should be fully aware of and understand the importance of Title VI, as well as the current Language Assistance Plan, so they can reinforce its importance and ensure its agency-wide implementation. TVPT personnel are required

to review the current Title VI Program document and sign a written statement that they have done so.

TVPT’s Title VI Transit Manager has attended Title VI awareness training through the Nebraska Department of Roads and University of Nebraska-Omaha, and is responsible for ensuring that agency personnel have the knowledge and resources to operate under the requirements and guidelines of DOT’s Title VI regulations.

TVPT’s Title VI manager has also attended a Title VI compliance training session through the University of Nebraska-Omaha.

Additional resources for employee training include ongoing Title VI assistance provided by the Nebraska Department of Roads and University of Nebraska-Omaha.

9. Minority Representation on Planning and Advisory Bodies

Title 49 CFR Section 21.5(b)(1)(vii) states that a recipient may not, on the grounds of race, color, or national origin, “deny a person the opportunity to participate as a member of a planning, advisory, or similar body which is an integral part of the program.” Recipients that have transit-related, nonelected planning boards, advisory councils or committees, or similar committees, the membership of which is selected by the recipient, must provide a table depicting the racial breakdown of the membership of those committees, and a description of efforts made to encourage the participation of minorities on such committees:

TVPT currently does not have a transit-related, non-elected planning board or committee. In the event such a committee were established prior to the agency’s next Title VI program submission, the following table (pictured below) would be used to depict minority representation on said committee.

MINORITY REPRESENTATION TABLE

# of nonelected members	% Caucasian	% African American	% Latino	% Asian American	% Native American	Other Ethnicity	Notes

10. Requirement to Provide Assistance to Subrecipients: N/A

TVPT is not a primary recipient, and is therefore exempt from this requirement.

11. Monitoring of Subrecipients: N/A

TVPT is not a primary recipient, and is therefore exempt from this requirement.

12. Equity Analysis to Determine Site or Location of Facilities

Title 49 CFR Section 21.9(b)(3) states, "In determining the site or location of facilities, a recipient or applicant may not make selections with the purpose or effect of excluding persons from, denying them the benefits of, or subjecting them to discrimination under any program to which this regulation applies, on the grounds of race, color, or national origin; or with the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the Act or this part." Title 49 CFR part 21, Appendix C, Section (3)(iv) provides, "The location of projects requiring land acquisition and the displacement of persons from their residences and businesses may not be determined on the basis of race, color, or national origin." For the purposes of this requirement, "facilities" does not include bus shelters, as these are transit amenities and are covered in Chapter IV, nor does it include transit stations, power substations, etc., as those are evaluated during project development and the NEPA process. Facilities included in this provision include, but are not limited to, storage facilities, maintenance facilities, operations centers, etc.

TVPT has not conducted a project requiring land acquisition or the displacement of persons during the current reporting period.

In possible future circumstances, TVPT will ensure that both environmental analysis and Title VI environmental justice requirements are incorporated into the scope of work for all facilities projects. The agency will complete a Title VI equity analysis during the planning stage with regard to where a project is located or sited to ensure the location is selected without regard to race, color, or national origin. The agency will engage in outreach to persons potentially impacted by the siting of facilities. The Title VI equity analysis will compare the equity impacts of various siting alternatives, and the analysis will occur prior to the selection of the preferred site.

When evaluating the locations of facilities, TVPT will give attention to other facilities with similar impacts in the area to determine whether any cumulative adverse impacts might result. Analysis will be conducted at the Census tract or block group, where appropriate, to ensure that proper perspective is given to localized impacts.

If the agency determines that the location of a project will result in a disparate impact on the basis of race, color, or national origin, the agency will only locate the project in that location if there is a substantial legitimate justification for locating the project there, and when there are no alternative locations that would have a less disparate impact on the basis of race, color, or nation origin. The agency will show how both

tests are met, and will consider and analyze alternatives to determine whether those alternatives would have less of a disparate impact on the basis of race, color, or national origin; the agency will then implement the least discriminatory alternative.

13. Requirement to Provide Additional Information upon Request

FTA may request, at its discretion, information other than that required by [FTA Circular 4702.1B] from a recipient in order for FTA to investigate complaints of discrimination or to resolve concerns about possible noncompliance with DOT's Title VI regulations:

TVPT will fully cooperate with any FTA investigation of discrimination complaints to the extent required by Title VI regulations.

IV. Requirements and Guidelines for Fixed-Route Transit Providers: N/A

TVPT is not a provider of fixed route transportation, and is therefore exempt from this requirement.

V. Requirements for States: N/A

***VI. Requirements for Metropolitan Planning
Organizations: N/A VII. FTA Compliance Reviews: N/A***
